Volunteer Appreciation 2020

Volunteer Appreciation 2019

Have you ever wanted to feel like you are part of your Marine or Sailor's unit? A great way to do that is to become part of the Unit and Family Readiness Program as a Family Readiness Assistant or Volunteer. As a Family Readiness Assistant, you will play a vital role in helping maintain the readiness of 2nd Marines "Marine Family." By becoming a volunteer, you will assist the Deployment Readiness Coordinator (DRC) in planning, coordinating, and execution of unit events. It is also an opportunity to meet other family members in 2nd Marines and make some friends and you become part of the support group that assists one another and other members of the unit. We welcome you to provide new ideas and to assist with planning unit Family Readiness activities. So, whether you have plenty of time or only a few hours a month, we would love for you to become part of the Family Readiness program! If you would like more information on volunteering, contact the DRC at 910-381-6778. We look forward to hearing from you!

Family Nutrition Information

Does your family have food insecurities? Food insecurities is defined as the state of being without reliable access to a sufficient quantity of affordable, nutritious food. According to an article from the Center for Strategic & International Studies titled “Food Insecurity among U.S. Veterans and Military Families”, “a study published in May 2021, nearly 33 percent of respondents at a major U.S. Army installation were classified as marginally food insecure in 2019. Among nearly 7,800 military family respondents, 12.5 percent were food insecure in 2019, according to the Military Family Advisory Network (MFAN) Military Family Support Programming Survey. (<https://www.csis.org/analysis/food-insecurity-among-us-veterans-and-military-families>). If you fall into one of these categories, there are resources available for military families. Families with children under the age of 5 may be eligible for Women, Infants, and Children (WIC). Important Suicide Prevention & Counseling Services

Suicide Prevention
Community Counseling Center
Bldg. 799B Brewster Blvd., Camp Lejeune
910.451.2864
Monday - Friday: 7:30AM - 4:30PM

National Suicide Prevention Lifeline
Call 1-800-273-8255
Available 24 hours everyday

Saving lives requires vigilance. Each tragic loss to suicide has far reaching impact on families, friends, and Marines left behind. At the unit level, suicide effects morale, unit cohesion, and ultimately unit effectiveness and readiness of Marines. Our prevention programs are designed to help Marines who are thinking about suicide or engaging in suicidal behavior, and those who may be at risk for suicide because of a mental disorder, or because they belong to a group with higher rates of suicide attempts or deaths. Services provided are:

- Develop in all Marines the skills needed to recognize and address suicide warning signs, which include appearing overwhelmed by recent stressors; experiencing a fall from glory, loss of honor, and change in status within a unit or relationship; withdrawing from friends, family and society; losing interest in hobbies, work and school; feeling helpless, worthless and trapped in a situation.
- Common risk factors and triggers that should not be ignored are legal or disciplinary problems, relationship problems and financial problems. Substance abuse, behavioral health diagnosis and Permanent Change of Station (PCS) problems appear to increase risk for suicide.
- The DSTRESS Line provides 24/7 phone, chat and Skype line counseling services utilizing a “Marine to Marine” approach.

- Confidential care worldwide ensuring access to behavioral health services and assisting Marines and families in navigating the many support resources available.
- Care coordination and continued 90 day follow-up through the Marine Intercept Program for all Marines identified with suicidal ideation or attempt.
- Conquering Stress with Strength is the newest practical application workshop facilitated by Marine Corps Family Team Building providing skills to effectively respond to high-stress situations that include suicide prevention.

Learn More - Marines, Sailors, and their families may access help directly through Community Counseling Program. There is no wrong door for getting help. Counselors conduct screenings, actively assess needs, provide counseling, and connect Marines and families with additional resources through referrals and direct handoffs between programs and facilities. If you recognize warning signs or believe someone is in immediate danger, call 911 or seek help from a mental health care.
