Volunteer Appreciation 2020

Volunteer Appreciation 2019

Have you ever wanted to feel like you are part of your Marine or Sailor's unit? A great way to do that is to become part of the Unit and Family Readiness Program as a Family Readiness Assistant or Volunteer. As a Family Readiness Assistant, you will play a vital role in helping maintain the readiness of 2nd Marines "Marine Family." By becoming a volunteer, you will assist the Deployment Readiness Coordinator (DRC) in planning, coordinating, and execution of unit events. It is also an opportunity to meet other family members in 2nd Marines and make some friends and you become part of the support group that assists one another and other members of the unit. We welcome you to provide new ideas and to assist with planning unit Family Readiness activities. So, whether you have plenty of time or only a few hours a month, we would love for you to become part of the Family Readiness program! If you would like more information on volunteering, contact the DRC at 910-381-6778. We look forward to hearing from you!

Failure to take the appropriate actions now will result in the inability of the DMO/Transportation Office to accommodate your requested dates for household goods transportation, non-temporary storage, and booking overseas travel. Do not wait!

Family Nutrition Information

Does your family have food insecurities? Food insecurities is defined as the state of being without reliable access to a sufficient quantity of affordable, nutritious food. According to an article from the Center for Strategic & International Studies titled “Food Insecurity among U.S. Veterans and Military Families”, “a study published in May 2021, nearly 33 percent of respondents at a major U.S. Army installation were classified as marginally food insecure in 2019. Among nearly 7,800 military family respondents, 12.5 percent were food insecure in 2019, according to the Military Family Advisory Network (MFAN) Military Family Support Programming Survey. (<https://www.csis.org/analysis/food-insecurity-among-us-veterans-and-military-families>). If you fall into one of these categories, there are resources available for military families. Families with children under the age of 5 may be eligible for Women, Infants, and Children (WIC). Spouse Preference Program

What is the Spouse Preference Program?

This is a Department of Defense program instituted to lessen the adverse impact on the career paths of spouses of Active Duty Service members. The program grants eligible spouses, who are among the best qualified for positions graded NF-3 and below and equivalent hourly paid positions, a special preference in the selection process.

Spouse Preference requires a copy of the active duty member's orders with the spouse's name listed. Effective 7 Oct 04, Spousal Preference applicants hired in a flexible position will not lose their spousal preference eligibility until transferred or hired into a regular Full-Time or Part-Time position.

There is no limit to the number of times spouse preference may be applied to referral and selection for non-continuing positions. Spouses may be simultaneously referred for continuing and non-continuing positions. Eligibility terminates due to acceptance or declination of an offer of a continuing Full-Time or Part-Time position.

Who is eligible?

A Spouse Preference Eligible is a wife or husband of an active duty military member of the Armed Forces, including the Coast Guard or a member of the National Guard or Reserves on active duty. To be eligible for the preference, the spouse preference eligible must have entered into marriage with the military sponsor before the military sponsor's relocation to the new duty station. The spouse must be relocating within 30 days with the military member.

How Do I Apply?

During the online application process, while applying for the specific position, spouses must upload the following completed documents:

- Spouse Preference Form ([Click here for form](#))
- Permanent Change of Station Orders (PCS)
- A copy of the Marriage License, unless the spouse is named on the PCS Orders

Transition Assistance Program**Employment Preference**

This is a Department of Defense program that provides a hiring preference for military service personnel and their family members that have been affected by the downsizing of our military forces. Transitional Assistance preference applies to positions graded as NF-3 and below and equivalent hourly paid positions. If you have been affected by the military downsizing you may qualify for this special preference in the selection process.

Who is eligible?

Preference in hiring for involuntarily separated members of the Armed Forces and eligible family members due to downsizing.

How Do I Apply?

During the online application process, while applying for a specific position, Transition Assistance eligible must upload the following completed documents:

Important Suicide Prevention & Counseling Services

Suicide Prevention
Community Counseling Center

Monday - Friday: 7:30AM - 4:30PM

National Suicide Prevention Lifeline
Call 1-800-273-8255
Available 24 hours everyday

Saving lives requires vigilance. Each tragic loss to suicide has far reaching impact on families, friends, and Marines left behind. At the unit level, suicide effects morale, unit cohesion, and ultimately unit effectiveness and readiness of Marines. Our prevention programs are designed to help Marines who are thinking about suicide or engaging in suicidal behavior, and those who may be at risk for suicide because of a mental disorder, or because they belong to a group with higher rates of suicide attempts or deaths. Services provided are:

- Develop in all Marines the skills needed to recognize and address suicide warning signs, which include appearing overwhelmed by recent stressors; experiencing a fall from glory, loss of honor, and change in status within a unit or relationship; withdrawing from friends, family and society; losing interest in hobbies, work and school; feeling helpless, worthless and trapped in a situation.
- Common risk factors and triggers that should not be ignored are legal or disciplinary problems, relationship problems and financial problems. Substance abuse, behavioral health diagnosis and Permanent Change of Station (PCS) problems appear to increase risk for suicide.
- The DSTRESS Line provides 24/7 phone, chat and Skype line counseling services utilizing a “Marine to Marine” approach.

- Confidential care worldwide ensuring access to behavioral health services and assisting Marines and families in navigating the many support resources available.
- Care coordination and continued 90 day follow-up through the Marine Intercept Program for all Marines identified with suicidal ideation or attempt.
- Conquering Stress with Strength is the newest practical application workshop facilitated by Marine Corps Family Team Building providing skills to effectively respond to high-stress situations that include suicide prevention.

Learn More - Marines, Sailors, and their families may access help directly through Community Counseling Program. There is no wrong door for getting help. Counselors conduct screenings, actively assess needs, provide counseling, and connect Marines and families with additional resources through referrals and direct handoffs between programs and facilities. If you recognize warning signs or believe someone is in immediate danger, call 911 or seek help from a mental health care.
